

THE NATION TOOK LEAVE OF ITS' SENSES

BANKSTERS GOT BANG FOR THEIR BUCKS

A poem which attempts to set out how we got to where we are in Australia today, the erosion of sovereignty through the abuse of the External Affairs power of the Constitution, and the deference to the UN elites and corporate mates via treaties, conventions and other instruments to the extent that we are governed not by ourselves via those we elect, but ruled by unelected, faceless people or entities from outside Australia, and no matter which way you suck it, it goes back to elite financiers or banksters who pull the strings.

THE NATION TOOK LEAVE OF ITS' SENSES & BANKSTERS GOT BANG FOR THEIR BUCKS

We once rode on the woolly sheep's back
Reward for endeavour — *no* lack.
Mined iron-ore, minerals, silver and gold,
Dug our premium coal to use and be sold.

**Before the nation took leave of its' senses and pluck,
And Bankers could corrupt to get bang for their buck!**

We built *visionary* schemes like the Snowy,
Ambitiously watered the inland by gravity
Guaranteeing food and national security;
Infrastructure, roads and industries matched this surety.

**Before the nation took leave of its' senses and pluck,
And Bankers could corrupt to get bang for their buck!**

We had our own Commonwealth Bank of vision,
Issuing credit for growing the nations' ambition.
Our standard of living was up with the best,
This *Land of the Southern Cross* truly blessed.

**Before the nation took leave of its' senses,
And the Bankers corrupted to get bang for their buck!**

The UN and the Rothschild banking elite
Were none too happy and set out to cheat
Aussies of their lifestyle and sovereignty
By eroding control of all things monetary.

***"The nation will soon take leave of its' senses and pluck,
And we Banksters will soon get bang for our buck!"***

They set out to teach us “*world’s best practice*”,
Setting a glorified course to send us cactus.
A long term vision for a *New World Order*
Where elites would control every damn border!

**Then nations would soon take leave of their senses and pluck,
And Banksters would get great bang for their bucks!**

The IMF¹ and World Bank lent credit to all,
Coerced nations with “*institutional reform*” —
Nations banks dismantled all over the globe,
Gutless polities too compromised to probe.

**Yes, nations are taking leave of their senses and pluck,
And Banksters are bribing to get bang for their bucks.**

Countless tentacles of the UN and its’ Mates —
Coerce compliance through Banksters and blokes like Gates
Through NGO’s, Academia, Finance, Commodification —
Multinational Corporations bigger than nations.

**Nations so pressured take leave of their senses and pluck,
And Banksters manoeuvre to get bang for their bucks.**

Nations would sign Conventions and Treaties galore,
Designed to kow-tow and grovel to the UN whore
For trade, climate, “standards” and global agendas —
GATT², G7³, Agenda 21⁴, 30⁵, Rio⁶, Paris⁷ and WEF⁸ to end us.

**Nations agree its’ right to take leave of their senses and pluck,
And Banksters bribed and collected big bang for their bucks.**

UNCTAD’s⁹ New World Order¹⁰ in ‘74 strung us all up;
Lima¹¹ in ‘75 sold Australia the venomous pup —
“Deploying” to the third world our industries best
To buy back what once we made — a *treasonous behest*!

**Polities agree its’ right to take leave of their senses and pluck,
And Banksters bribed and collected big bang for their bucks.**

This required dismantling industry, bankrupting our own,
Sending them broke, partner banksters calling in loans.
Policies set the euphemistic “*level playing field*” —
Aussies levelled to the *technology transfer altar*, reeled.

**Polities agree its’ right to take leave of their senses and pluck,
And Banksters bribed and collected big bang for their bucks.**

In ‘83, the Tasmanian Dam Case¹² — that watershed moment,
Embedded us deep, sealing our UN bestowment.
Our High Court’s *high treason* hitched us to the UN demon,
Over-rode our *Common Law* with *Codified* — no more freemen.

**Yes, Courts decreed the nation take leave of its senses and pluck,
In cahoots, Banksters collected big bang for their bucks.
..... And the band played Waltzing Matilda!**

Feds rorted the Constitution's *External Affairs* power
To buddy with a UN satanic to make the States cower.
UN agreements ad infinitum rolled out and benumbed —
Most chose to be dumb and Australia succumbed.

**Pollies under the thumb took leave of their senses and pluck,
In cahoots, Banksters collected big bang for their bucks.**

UN Ageements for this, Treaties for that —
IMF, UNIDO¹³, WTO¹⁴, APEC¹⁵, NAFTA¹⁶ & GATT.
Privatisation and Deregulation is the way of the world
Trade Liberalization, Commodification all unfurled.

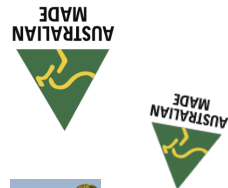

**Yes, Aussies took leave of their senses and pluck,
And Banksters collected big bang for their bucks.**

Poverty reduction and sustainability the UN narrative —
Breaking sheep, wool and wheat the imperative.
Send farmers and small business to the wall:
Level the Field And the pollies went along with it all!

**Pollies under the thumb took leave of their senses and pluck,
And Banksters collected bigger bang for their bucks.
..... And the band played Waltzing Matilda!**

Traitorous pollies and banksters in the “Horse of Troy”
Deployed from within, were out to destroy!
A drought here and there would finish the job —
As Banksters hiked interest, and proceeded to rob.

**Pollies corrupt took leave of their senses and ducked,
And Banksters stole and collected big bang for their bucks.**

A nation gutted, and played by the elite —
At the mention of fighting, were told not to bleat,
So, many retreated, retired, did a deal in lieu,
Didn't understand that **We are the many, They are few.**

**Working
Together,
Ripping
Apart**

**Pollies corrupt took leave of their senses and ducked,
And Banksters stole bigger bang for their bucks.**

Who sounded the alarm? *Those conspiracy theorists!*
Looking back it appears that they were the realists.
To out the bank rorts, you were dubbed a bank basher,
A trial-run for the future: crush a nation; defame “anti-vaxxers”.

**Media corrupt took leave of their senses and ducked,
And Banksters stole and collected big bang for their bucks.**

Mask up, stay home, lockdown logic of Dictator Dan²⁵ —
Tyrannical Premiers closed borders, small business banned;
Deferred to Chief Health Officers,²⁶ despots of Nazi disposition,
Following and implementing the *New World Order* their mission²⁷.

**Yes our nation took leave of its' senses and pluck,
Corrupt Pollies and Banksters conspired to get bang for their bucks.**

The brain-washed accepted, no questions asked; complied!
Freedom and self-determination emphatically denied!
Mandates, compulsory jabs, QR tracking, "fact" checks —
Right to choose to work, assemble and speak, annexed.

**Yes our nation took leave of its' senses and pluck,
Corrupt Pollies and Banksters contrived to get bang for their bucks.**

Big Brother demands we take a chemical concoction —
A bio-weapon indeed, not even tested on oxen.
But it's "safe", effective, will save your extinction —
'Till it caused death! So *BOOST your intiction!*

**Yes, the world took leave of its' senses and pluck,
And Big Pharma collected the bang for their bucks.**

Most took another, no questions of this new mRNA —
Myocarditis, Shingles, "*Died Suddenly*" apparently OK!
Rio's depopulation agenda has come full circle,
Babies aborted, still-born; more "parents" infertile.

**Yes, the world took leave of its' senses and pluck,
UN and Banksters collected the bang for their bucks.**

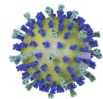

No comment allowed, truthers cancelled and benched,
Media trial, two-party system deep state entrenched —
Social censorship enlisted by Big Pharma and governments
To quell anti-vax sentiment, in "fact", check ✓misrepresent!

**Yes, the world took leave of its' senses and pluck,
And Big Tech collected the bang for their bucks.**

You freedom protesters, you deserve putting down —
So knock down the grannies, clear the play-grounds!
Employ jackboots, EMF, Soros cops, rubber bullets shoot,
Any brutality, gas or choking's OK for truth to pollute.

**Yes, the nation took leave of its' senses and pluck,
Corrupt Pollies and Banksters collected big bang for their bucks.**

We're about to sign the Plandemic treaty giving WHO
Global control over national governments, **and YOU!**
Vax passports, digital ID, smart cities, energy green,
Weather control, medical autocracy, jabs in our genes —

**The people took leave of their senses and sucked,
And Banksters stole and collected big bang for their bucks.**

Freedoms constricted, Godly law out, Courts of Corruption.
Ministry of Truth is Lies and Propaganda – Orwellian eruption
Of just the opposite, where peace is war, plenty is starvation –
Love is Torture; their “legalisation” the end of our nation!

**Nations all over took leave of their senses and sucked,
And Banksters stole and collected big bang for their bucks.**

Yet this implementation and trouble has awakened many
With the force of an out of control spinning jenny –
They’ve found their “free-will” — researched; are fighting back!
No more trust in the shonky science, odds are re-stacked.

**Nations began to wake up and to discover their pluck,
While Banksters stole and collected bang for their bucks.**

Anti-bullying rhetoric ushers in bullying the governed nation,
Free-speech rhetoric ushers in free-thought cancellation –
*Rights of the Child*²⁸ rhetoric brings in MAP²⁹ tyranny,
Authoritarian despotism no longer a theoretic conspiracy.

**Nations took leave of their senses and pluck,
And Banksters corrupted to get bang for their bucks.**

But get more jabs! Jab your kids and granny too –
Get the bio-weapon shot, and one for the flu’
Ensure chooks, sheep and cattle are jabbed thru and thru!
Poison your food chain, ‘cause they’re after you!

**Our nation took leave of its’ senses and pluck,
And Banksters are bribing to get bang for their bucks.**

If you can’t kill the live-stock with an mRNA jab,
Just shoot them to meet the crazy net-zero grab!
We need to stop farts expelling those gasses –
But what of the plans for the gas of the masses?

**Our nation took leave of its’ senses and pluck,
And Banksters manoeuvred to get bang for their bucks.**

Think hard, think fast, you slaves of the banksters –
If you comply, then who are the cankers?
Would our ANZACS³⁰ surrender or think to concede??
We are many, they are few, so then let’s be freed!

**O ur nation took leave of its’ senses and pluck,
And Banksters manoeuvred to get bang for their bucks**

Hold to account those Nazi bureaucrats
Censoring comments on social media chats.
Won't collect data to quantify the deceased —
Extra Thirty thou' Aussies dead — at least.

**Our nation took leave of its' senses and pluck,
And Big Pharma corrupted got bang for their bucks
..... While the Band played Waltzing Matilda!**

Shame on AHPRA³¹, polties and the TGA,³²
Bullies impugning Borody's ivermectin cure to defray —
But now Ivermectin's apparently all OK;
They want us to forget their deadly foul play.

**Our nation took leave of its' senses and pluck,
And Big Pharma corrupted got bang for their bucks.**

Rejection of HCQ and other protocols to save,
Ignored those REAL doctors and scientists brave
Who stood up to be counted, raised merry hell,
Against patented gene-altering, nano death-knell.

**Nations began to wake up and to find their pluck,
While Banksters and Big Pharma got bang for their bucks.**

Stand up to this elite all-powerful minority
Who poach "words" to twist and weave into majority —
God's "rainbow" hijacked; "pride", "gay", the LGBT alphabet;
Sexualisation of children; the global warming threat.

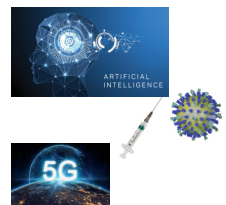

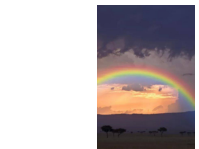

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting that bang for their bucks.**

AI was *Artificial Insemination* for animals once,
Now it's *Artificial Intelligence*, it makes you a dunce;
They've *AI'd* whole populations with the *AI* spike —
"*Humans are hackable animals*" — *Harari's*³³ *reich!*

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

Stand up like Julian Assange of WikiLeaks fame,
The arrows will come to shame, blame and frame!
But what will **you** tell your grand-kids **you** did —
To unmask and expose their filthy bid for a quid?

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

Watershed Moment

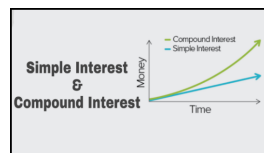

The Watershed Moment in Australia, when something that Quick & Garran warned against at the outset (abuse of the External Affairs power of the Constitution), was rubber-stamped by the High Court, thus paving the way for the UN/globalist cabal to rule our nation from without, totally unelected! In retrospect, it is interesting to read what two of the judges said could happen if this was allowed. Sadly, it has come to pass, and power has absolutely passed from the States, to the Commonwealth, and by default, to the UN via our being a signatory to the many and various UN agreements, which are never the flowery-sounding documents they purport to be. Instead, we are seeing the “double-speak” of everything meaning the opposite: i.e. Ministry of Truth is the Ministry of Lies/Disinformation.

Dissenting Judges on the Tasmanian Dam Case, 1/7/83

Justice Gibbs: *“There would be no field of power which the Commonwealth could not invade, and the federal balance achieved by the Constitution could be entirely destroyed.”*

Judge Wilson: *It is no exaggeration to say that what is emerging is a **sophisticated network of international arrangements directed to the personal, economic, social and cultural development of all human beings**. The effect of investing the Parliament with power through section 51 (xxix) in all these areas would be transfer to the Commonwealth of virtually **unlimited power in almost every conceivable aspect of life** in Australia, including health and hospitals, the work place, law and order, education and recreational and cultural activity to mention but a few ...”*

Learn how the Banksters hold you to ransom,
Understand their Central Bank scam so handsome.
You're an economic slave to their system so shonky —
Paying interest with deficits in their fiat economy.

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters manoeuvring your bang for their bucks.**

Learn the *Federal Reserve* is a private entity —
That creates credit to loan governments to run the economy.
It begins as a debt so printing money is theft, inflationary —
A Ponzi Scheme bar none that dilutes, devalues and buries.

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for your bucks.**

Depressions and Recessions are totally man-made,
Loan out liberally; tighten the economy — *it's just a charade!*
Inflation is simply for banksters, to dilute your savings —
Bonds, derivatives, stock markets just allow shavings.

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for your bucks.**

Check out the history of our Commonwealth Bank —
Before it was hijacked by banksters point-blank;
Before our standard of living began to decline —
As banksters charged interest; tax and inflation aligned.

**Aussies, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks
While the bands play *Waltzing Matilda*.**

Now our Reserve Bank is technically broke,
So's the Federal Reserve, Yankees are yoked,
Savings are nil, the Ponzi currency's crashing,
On it's last legs; it's slashing, gnashing and thrashing!

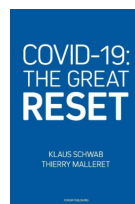

**People, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks
While the bands play *Waltzing Matilda*.**

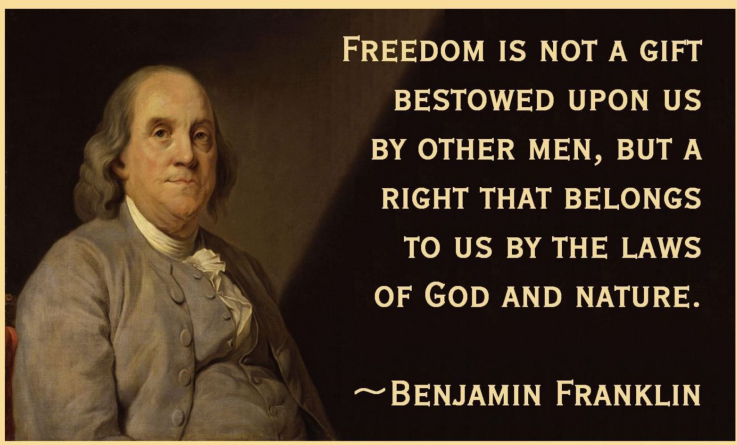

Protect yourself with some silver and gold,
'Cause when it crashes, you'll be wanting to hold
Something of value, to keep you afloat,
As the GFC³⁴ of global economies sink their boat.

**People, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

The WEF and Klaus Schwab's elites plan a "*Great Reset*" —
Don't let them succeed, be a threat to their debt!
Currency will have to revalue, but you'll be insured,
They are few, WE are many, so be well assured!

Evidence of Planned “Spontaneous Events”

– everyone gets blamed except the banksters, who maintain that it’s “market forces” causing the recession, depression, GFC or inflation etc. Computers now expedite it on a global scale.

The US Bankers Assn Confidential Circular – 1893.

We authorise our loan agents in the western States to loan our funds on real estate, to fall due on September 1st 1894, and at no time thereafter.

On September 1st 1894 we will demand our money - we will foreclose and become mortgagees in possession.

We can take two-thirds of the farms west of the Mississippi and thousands of them east of the great Mississippi as well, at our own price.

We may as well own three-fourths of the farms of the west and the money of the country. Then the farmers will become tenants, as in England.

After September 1st, the interest we receive on coupons will be accumulated - we will not lend any of our funds after that date, as we can make more money by withholding our interest income.

The US Bankers Assn Magazine in 1924

Capital must protect itself in every possible way, both by combination and legislation. Debts must be collected, mortgages foreclosed as rapidly as possible.

When, through process of law the common people lose their homes, they will become more docile and more easily governed through the strong arm of government applied by a central power of wealth under leading financiers.

These truths are well known among our principal men who are now engaged in forming an imperialism to govern the world.

By dividing the voter through the political party system we can get them to expend their energies in fighting for questions of no importance.

It is thus by discrete action we can secure for ourselves that which has been so well planned and so successfully accomplished.

People, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.

Learn it now, learn it good, or they'll hijack it again!
Be prepared, fight for right, your freedom retain —
Learn the Banksters secrets, don't trust their CBDC lies,
Don't be baffled by their BS, don't give them the prize!

**People, wake up! Stand up and discover your pluck,
Stop Banksters manoeuvring your bang for your bucks.**

Our Freedom has eroded — chipped slowly away,
Our Constitution undermined, relentless decay!
They never stop; *"The Voice"*³⁵ is racist and a play
For international control that will lead us further astray.

**Aussies, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks
...While bands play *Waltzing Matilda*.**

Stand up and fight it, for this **IS** the last chance!
This abcess of festering legalese must be lanced
To regain our freedom the ANZACS fought for —
Take a leaf from their book: **this is YOUR war.**

**People, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

Today's the day we call out the banksters oligopoly,
Reject the cartels of the globalist Gobbleopolys,
Reset our governments to serve under God, we the people —
For we are many, they are few, and ***we're not sheep!***

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

Stand up and fight it, take the arrows that come —
Or the elites will steal your land titles, those scum!
You'll own nothing and be happy, they say —
Cut them off at the pass, **TODAY is the day!**

**Nations, wake up! Stand up and discover your pluck,
Stop Banksters collecting your bang for their bucks.**

- ³⁵ The Voice – name for the upcoming referendum subject in Australia being sold as giving aboriginals a voice (unelected) in parliament, but in fact, is racist in itself because it caters to one group, who are already represented (ie properly elected) in parliament. Leaked papers show quotas of first nations people in all public service roles, preference in Uni’s, housing, sport, music; 50% of normal tax, reduced pension age; mining royalties same as water; all new liquor licences to be vetted by Voice; all beaches and national parks property of relevant tribes and everyone else charged for use; all revenues of same to tribes. Rivers and streams to become relevant tribe’s property and fees for water consumption paid by others; Voice office to analyse and review ALL proposed govt policies, legislation and appointments. Office to be same size and pay as Dept of Prime Minister and Cabinet (DPMC).

Quotable Quotes From Australia

"In various writings we have also suggested that a distinction has to be made between credit which is fully backed by savings, and credit originating out of thin air, i.e. through the bank's credit multiplier.

While credit fully backed by savings contributes to the expansion of wealth, credit through the credit multiplier leads to the **dilution of savings and living standards**. We believe that it is **highly unlikely** that banks will quickly revert to the past practices of **reckless expansion of credit out of thin air.**"

Dr Frank Shostak in the Westpac Bank's *Monthly Market Focus*, April 1992.

".....While currency is still the most visible form of money, it represents **only a fraction** of the purchasing power available within the economy.

This is shock number two: most of what we understand by "money" does not exist in any form other than as **entries on bank statements or figures in computer printouts**. More than 90 percent of what we know as money is deposits and a substantial proportion of these have been **created by the lending activities of financial institutions**.

....The monetary and financial system survives because of the intangible factor of **CONFIDENCE**. Financial institutions are able to conduct their **money creating activities** simply because depositors are **confident** they can recover their funds at any time, as with all personal and business relationships based on **trust**. ***So long as this confidence in the financial system holds, there need never be a day of reckoning.***"

Published in "Banking Matters" an information paper prepared by the Australian Bankers Assn., Melbourne.
Information paper No 1 titled "Money - What it is, how it comes to be" produced for the Aust Bankers Assn by
Garry Bell, Institute of Education, University of Melbourne.

IS THE DAY OF RECKONING NOW HERE?

Are you willing to lose your assets to this **CONFidence** trick when banks have created the money they loaned to you from thin air, at no cost; while your blood, sweat and tears has paid variable principal and interest you can't really pay, and need not - as we once did with our **Commonwealth Bank** in Australia? **Minimal interest, maximum productivity and innovation!** Tax near unnecessary when credit is used to benefit the NATION, as opposed to private greed.

The preferential terms private banks are allowed to operate under allows them to legally steal the fruits of your productivity. *Why should a banking business dictate to your business or family?* Or foreclose because they create a recession? **There is a precedent. Check it out.**
